

Your correspondent was no admirer of the late President Franklin D. Roosevelt in the early years of his reign, although I voted for him in his first and second campaigns — but I never criticized him blindly; when there was criticism it was on individual issues, and for reasons plainly stated.

And in the same vein, I do not feel the late president was wholly wrong in his attitude toward Russia during the war years — that attitude now being officially discredited with publication of the record of his news conferences.

It is true that Mr. Roosevelt time and again expressed the belief Russia would co-operate for world peace.

It is true that when he returned from the Yalta conference, six weeks before his death, Mr. Roosevelt predicted:

"The United Nations will evolve into the best method ever devised for stopping war."

Today we know differently. Russia will not co-operate for world peace.

And the League of Nations is no more effective in controlling a major power that chooses to be warlike than was the League of Nations in Woodrow Wilson's time.

But you can't blame a man for hoping. You can't censure a president for taking the road toward even a remote chance for peace, instead of the age-old trail that leads to war for a certainty.

In this respect Roosevelt did just what Wilson did — and on this score he will go down in the book as one of history's better-known figures.

The trust that the president placed in some of those around him is another matter — particularly the way in which he showed men who had been useful to him in winning elections at home into posts of foreign policy. Time discloses that Mr. Roosevelt was not as keenly on guard, in this respect, as would have been a man of greater depth and caution.

History does not excuse him of this — as it never excuses any leader in whose hands lies the safety of a nation.

But for his general attitude toward Russia his memory is not to be condemned. Rather, it is to be praised.

For the world knows that the United States extended the olive branch to Russia — and the same was broken and thrown back at us.

And for this we are pretty certain today most of the world is on our side — and very few will stand with the Russians should war come again to the world.

Phoenix, Ariz., Feb. 9 — (AP) — Police, working with scanty information, stepped up their search today for two men who robbed the bank of Douglas and escaped with \$116,250.

Every available law enforcement officer in the state, including agents of the federal bureau of investigation, has been marshalled for the hunt before the trail becomes cold.

They are seeking a man described as a light-skinned Negro between the ages of 30 and 35, and a Spanish American, about 32. They carried out the robbery early yesterday.

The bandits forced the janitor to let them in the building about 6 a.m. and waited until the vault teller, James Wise, arrived about 7:30 a.m. He was forced at gun and knife point to open the vault.

The men took only bills in denominations of \$100, \$50, \$20, \$10 and \$1. They ignored another \$13,852 in bills of larger denominations and \$45,000 in silver.

Police admitted they had only scanty information to work on, but were following numerous "tips" they had received.

The skill and daring with which the crime was executed became apparent as details unfolded.

The men waited calmly for the time lock on the vault to release and forced bank employees into a closet as they arrived. At one time, while the robbers were upstairs, an armed messenger from an armored car service entered the building to leave some communications, walked across the lobby, then left.

The pair stuffed the currency into a 50 pound lard can and walked calmly out of the building. Full amount of the loss has been refunded by an indemnity company.

Arkansas: Cloudy, showers in south, colder this afternoon, in east, south tonight. Friday cloudy with showers, warmer.

Sutton to Seek Re-Election as County Sheriff

The Hempstead political picture warmed up considerably today with a statement from Sheriff Claude Sutton that he will definitely seek re-election.

Questioned for days Mr. Sutton finally made the following statement (formal announcement to be made later):

"I will be a candidate for re-election to the office of sheriff and collector. I have made my decision after talking with many people throughout the county. I appreciate the encouragement I have received."

"Because of the press of duties I have not had time to prepare a formal announcement but within a short time I will do so. In the meantime I want to thank the people of Hempstead county for their co-operation in carrying out the duties of this highly responsible office. It has been a pleasure to have worked with you and I am looking forward to seeing all of you between now and election."

J. W. (Son) Jones already has announced as a candidate for the sheriff's office and others have been "feeling out" throughout the county.

Miss Lucille Ruggles as yet is the only candidate for County Treasurer. Nobody else has been mentioned for the race so far.

Harry Hawthorne is expected to announce his candidacy for county clerk any day.

In the district picture James H. Pilkinton has announced for Chancery Judge and his drawn opponent in Byron Goodson of DeQueen and Ernest Still of Arkadelphia.

Talbot Field, Jr. has filed for office of prosecuting attorney. He will be opposed by Charles Hackett of Texarkana and probably Royce Weisenberger of Hope.

So far Dr. F. C. Crow is the only candidate for the state senator while Rep. Thurston Hulsey will likely be opposed, if he runs, by James P. West, Hope man, who has just completed his law training at the University.

It is pretty common talk around town that Will Steel, former Chancery Judge, will seek to oust Judge Dexter Bush from the Circuit Court bench.

Methodist Church Burns at Blevins

First Methodist church of Blevins was struck by lightning about 3 a.m. today and burned to the ground, it was learned here. First estimates place the loss at around \$10,000.

Residents of Blevins were able to save most of the church furniture including benches, piano etc. No insurance was carried on the large frame building.

The Hope Fire Department sent a "pumper" truck to Blevins but the building was too far gone to be saved.

Free Film for Farmers Here Tuesday

A film, "Roots in the Soil", plus What's new in farm equipment will be shown by the John Deere Company at the Saenger Theater, February 14, at 9:30 a.m., Frank Walters, local John Deere representative announced today.

The entire program is absolutely free to all farmers but admission is by tickets only. If you don't have tickets or need more all you have to do is ask for them at Frank Walters', Third and Louisiana.

All farmers of this section are invited.

Willie Pickard Dies in Local Hospital

Willie Pickard, aged 79, died early today in a local hospital. He had been ill a long time. A resident of this section for many years, Mr. Pickard was a Mason and a member of the Baptist church of Bodcaw.

He is survived by two daughters, Mrs. Charlie Hairston and Mrs. Ernest White, both of White's chapel, 5 brothers and 3 sisters. Funeral services will be held at 2 p.m. Friday at Little Bodcaw by the Rev. Wesley Thompson and the Rev. D. O. Silvey.

Active pallbearers will be nephews Leonard and Homer Fuller, Roy and Garland Mullins, Otis Fuller and Thelmon Sherman.

R. T. Ekins

BUYS LOCAL STORE — R. T. Ekins of El Dorado, today announced the purchase of Charles A. Haynes Co. store, Main and Second streets. The store's name will be changed to Ekins, and will continue to handle ladies' ready-to-wear, shoes and accessories. Turn to page 8 of this issue for details concerning the stores' grand opening Friday.

Bulletins

Washington, Feb. 9 — (AP) — The justice department today charged two leading drug making firms with trying to monopolize the sale of hard gelatin capsules — used for "vitamin pills" and other medicines.

Attorney General McGrath announced the filing of a civil antitrust action in federal court at Detroit against Parke-Davis and Co., Detroit, and Eli Lilly and Co., Indianapolis.

London, Feb. 9 — (AP) — A British expert says the Soviet air force is as strong tactically today as any in the world, but it would still be unable to carry the atom bomb to Washington or New York without advanced bases far from home.

By C. YATES McDANIEL

Washington, Feb. 9 — (AP) — The federal government today handed the nation a grim primer in construction problems of the atomic age.

It issued a report entitled "Damage From Atomic Explosion and Design of Protective Structures," dealing in matter-of-fact language with requirements for buildings which might have to undergo the tremendous force of a nearby A-bomb blast.

The best advice it could offer builders was to erect important structures as far from strategic areas as possible, or put them underground.

Washington, Feb. 9 — (AP) — Lawmakers anxious to prevent any slow-down in the nation's atomic program expressed concern today over President Truman's delay in naming a new chairman for the atomic energy commission.

David E. Lilienthal resigned from the post last December and is scheduled to leave on Wednesday. Thus far the President has not appointed a successor.

San Francisco, Feb. 9 — (AP) — Harry Bridges says he didn't disagree "so much" with the Communist program but refused to join the party for fear of deportation.

Further, he testified at his federal trial on perjury charges yesterday, he never paid dues to the party, never signed an application to join, and the Communists did not dominate or dictate strategy in the 1934 waterfront strike.

Los Angeles, Feb. 9 — (AP) — A case containing diamonds valued at retail in excess of \$200,000 was taken last night by two bandits who held up a jewelry salesman in his West Los Angeles home.

Berlin, Feb. 9 — (AP) — East Germany is to have its regimented youth and an all-powerful Gestapo, just like in the day of Hitler.

Marshall, Feb. 9 — (AP) — The life of a Seacrest county farmer charged with first degree murder in the shooting of a sheriff was in the hands of a circuit court jury today.

The jurors received the case of Roy Bryan late yesterday afternoon, deliberated for half an hour and then were locked up for the night. They were to resume efforts to reach a verdict this morning.

Sheriff Doyle Smith was shot to death and Bryan and his son were wounded in an altercation here last Dec. 4.

The sheriff's widow testified that Bryan fired the first shot. Bryan, taking the stand yesterday, told the court the sheriff shot before he (Bryan) took aim.

New York, Feb. 9 — (AP) — A tall, dark and handsome longshoreman went berserk with a knife in the Times Square area today, frightening scores of persons but hurting none.

House Passes Bill to Hike Postal Rates

Washington, Feb. 9 — (AP) — The house voted today for hikes in postal rates expected to bring the postoffice department \$30,000,000 more a year.

A voice vote passed the bill and sent it to the senate.

The administration-backed bill—intended to take at least a short stride in the direction of cutting the postoffice department's operating deficit of half a billion dollars—was driven to the brink of passage yesterday.

A technically raised by opponents forestalled the final vote. They demanded a reading of the engrossed bill — the formally printed measure with all amendments in the right place. Engrossment is a long and tedious process, so final action was put off until today's session.

Railmen Seek 40-Hour Week May Strike

Chicago, Feb. 9 — (AP) — Members of two operating railway unions have voted to strike for a 40-hour week, the unions announced today.

A spokesman, however, said that does not mean a strike is imminent. He said that under procedures of the national railway mediation act a strike could not possibly occur before late spring.

The two unions are the Brotherhood of Railroad Trainmen and the Order of Railway Conductors. Together they represent a total union membership of about 200,000 railroad workers. The spokesman said 95.5 per cent of them approved a strike. No strike date has been set and probably will not be before the end of this week or the first of next week, the spokesman said.

Fuchs Case May Reopen Atomic Probe

Washington, Feb. 9 — (UP) — The Fuchs spy case may force a complete review by congress of atomic energy commission security measures, some senators said today.

Members of the joint congressional atomic energy committee, who asked that their names be withheld, said they will raise the issue at the next committee meeting.

One conceded that an inquiry might do more harm than good but he said his feeling now is that one should be held.

"I am not going to make any commitments until I have talked the matter over with other committee members," he added. "It is possible that an investigation would hamper the work of the commission at a very critical period."

New Delhi, India, Feb. 9 — (AP) — Prime Minister Jawaharlal Nehru said today India would produce its own atomic energy "in a reasonable time."

Speaking in parliament, Nehru said the government already had taken steps to process atomic raw materials, presumably uranium ores, and plans to have a small atomic pile producing energy within a few years.

He said a factory for processing the raw material probably would be in operation within a year.

Young Arkansas War Hero Has A Charmed Life, Now Enters 4th Grade at Age of 24

By HAL BOYLE

New York — (AP) — A young army hero who won the nation's highest award for valor at the age of 16 now is attacking educational objectives.

"I want to finish grammar school," said M. A. Ter Sergeant James R. Hendrix. "After all I'm 24 now, and I ought to be getting on with my schooling. I want to learn all I can."

The stocky, red-haired, freckle-faced paratrooper, who came here to appear in a film short for the American Cancer Society, plans to attend a school at Camp Campbell, Ky., his present base.

"I only got to the fourth grade before the war," he grinned. He said he quit to go to work so the younger kids could have a chance. He is the second oldest of 14 children in the family of a Lepanto, Ark., cotton farmer.

Hendrix is a man for whom death has taken a holiday. He went through 8 months and 21 days of doughboy combat overseas without a scratch. On Christmas eve, 1944, in Belgium he went on a daylong battle rampage that won him the congressional medal of honor. Between dawn and dusk he:

1. Pulled three wounded American soldiers from falling vehicles.

2. Drove the crews away from two 88 field guns by his rifle fire.

Russia Leases Bases, Ports in East Korea

Seoul, Feb. 9 — (AP) — A Korean government spokesman asserted today that Russia has leased port areas on the East Coast of Communist North Korea.

The statement added "many Soviet naval officers and soldiers are stationed at these harbors."

The announcement recalled that Russia claimed she had withdrawn her occupation forces from North Korea by Christmas of 1948.

Strikes Cripple Many Large Industries

Pittsburgh, Feb. 9 — (AP) — Industry tightened its belt today as soft coal peace talks collapsed in Washington.

More steel companies announced cutbacks.

The nation's railroads rushed to juggle train schedules. Hundreds of runs must be cancelled at 11:59 p.m. (local time) Friday.

These were some of the developments:

1. Inland Steel company at Chicago said its coal supplies "have dwindled to the critical point." It announced the shutdown of a second blast furnace.

2. Republic Steel corporation said it will close one of its Youngstown (Ohio) district blast furnaces immediately. The firm previously had announced shutting down two furnaces in Cleveland.

3. The coal shortage started to hit small schools. At Delphia, Ind., which has a population of about 2,500, schools were closed.

Industries which use coal kept a close watch on developments. In Detroit, General Motors corporation cancelled all plans for Saturday work and any scheduled overtime because of what it called "the emergency in the coal situation."

Ford Motor company reported no change in its overtime plans but a spokesman said "we are keeping a day to day watch on the situation."

The railroad industry didn't have to watch the situation. It knew it faced a crisis. A Pennsylvania railroad spokesman said his road had "about 11 days" supply of coal on hand.

Nehru Says India Will Produce Own Atom-Energy

New Delhi, India, Feb. 9 — (AP) — Prime Minister Jawaharlal Nehru said today India would produce its own atomic energy "in a reasonable time."

Speaking in parliament, Nehru said the government already had taken steps to process atomic raw materials, presumably uranium ores, and plans to have a small atomic pile producing energy within a few years.

He said a factory for processing the raw material probably would be in operation within a year.

Group to Plan Operation of Farm Market

A special committee met at 4 o'clock yesterday at the Chamber of Commerce office for the purpose of formulating plans for the operation of the Farmer's Market this year.

It was agreed that the market should be operated in such a way as to provide the best service possible to the farmers.

Attending the meeting were Claude Sutton, Ed Thrash, Ury McKenzie, Oliver Adams, Frank McEntire, Lyle Brown, Byron Huddleston, Bob Shivers, and Charles Armitage.

In order to determine the desires of the farmers regarding the operation of the market it was decided to hold a meeting at the court house Thursday, February 16 at 10 o'clock of the above committee and farm leaders from every community in the county.

Following this meeting general community meeting will be held throughout the county. From such meetings a program will be formulated whereby the market will be operated according to the wishes of those using it. It is hoped that the market can be exother produce in addition to watermelons.

GOPs Ready to Force Showdown on Civil Rights

Washington, Feb. 9 — (AP) — Pledged from within their own ranks, Republican leaders laid plans today to force a senate showdown on civil rights bills.

Senator Taft of Ohio, chairman of the senate GOP policy committee, told a reporter that if the Democrats don't move to bring up a fair employment practices commission (FEPC) bill within two weeks "Republicans will press for it."

Taft's statement came after Senators Lodge (R-Mass) and Ives (R-N.Y.) said in separate interviews they will demand action by their party to bolster what both have labelled as a weak-kneed endorsement of civil rights bills in this week's GOP policy declaration.

"We will get a chance to vote on this question and I'm hoping that the Republicans will show they are for action, not just talk, about civil rights," Ives said.

The question probably will come before the senate on a motion to take up the FEPC bill, which would ban job discrimination on ground of race or religion. Any move to take up FEPC is certain to touch off a filibuster by Southern Democrats.

The quickest way to break this filibuster would be for at least 64 senators to vote to curb debate. Otherwise the score of Dixie opponents could keep the senate tied up until the filibusters wore themselves out.

Democratic lieutenants said their backs indicated they probably can rally only from 55 to 60 votes for the debate curb. If they get as many as 60, they may order continuous senate sessions in an effort to break a talkathon.

But the Democrats want to get action on a house-approved displace persons bill before they plunge into the civil rights matter. That could delay the civil rights showdown until next month. There is a gentlemen's agreement not to take up controversial bills in the senate for a while because so many members of both parties had scheduled Lincoln day and Jefferson-Jackson day speeches.

Dr. F. C. Crow

Dr. F. C. Crow has been named Fund Campaign Chairman for the 1950 Red Cross drive. It was announced today by Talbot Field, Jr., Chairman of the Hempstead County Chapter of the American Red Cross.

This year's quota of \$4,983.00 is slightly lower than last year.

The nation wide drive is to begin on the first day of March. Personnel of the campaign will be announced by Dr. Crow in the near future.

Many Took Part in Stamp Scheme

Washington, Feb. 9 — (UP) — Investigators said today that "lots of influential people," including Gambler Joe Adonis, took part in the \$400,000 stamp scheme worked out by an ousted high post office official.

They said about a dozen persons "invested" in the get-rich-quick deal cooked up by Harold F. Ambrose, Postmaster General Jesse M. Donaldson's former \$10,000-a-year special assistant, but some of them never got in on the promised payoff.

Donaldson confirmed that one of the "investors" was Adonis, the self-styled "big time" New York gambler. But so far, he said, he doesn't know whether Adonis put up the money himself or acted as a "front" for someone else.

Other officials said that "lots of influential people are involved" but they would not name any of the others.

Ambrose, who returned from his mother's home at Winchester, Mass., last night, refused to discuss the case except to say that he has done nothing that is either legally or morally wrong.

"I am going to tell my side of the story some day," he said, and when I do, it will be a good one."

Ambrose, a nephew by marriage of Sen. Joseph C. O'Mahoney (D-Wyo), was kicked out of his post office job on Jan. 11. Donaldson demanded and got his resignation, then accepted it "with prejudice — tantamount to removal."

This, they told the board of inquiry, amounts to a refusal of any contract it may sign. They contended further that they could not renew the union ship claim which according to southern spokesman Joseph E. Moody, was illegal under the Taft-Hartley law.

Lewis, who electrified yesterday's formal inquiry session, branding northern Spoke's editor George H. Love a "liar" by the clock, charged that operators had no intention of signing a new tract.

P. B. Cleaver Purchases Local Store

The Toggery Shop, 107 S. Main, formerly known as P. B. Store, (the old B. & B. Store) was purchased yesterday by P. B. Cleaver of Little Rock.

Plans already are in the hands of contractors for remodeling store front and inside arrangements. The Toggery Shop will be modernized in every way including air conditioning.

The home office for the men's store will be in Little Rock. Mr. Cleaver said today a complete line of nationally advertised clothing will be carried and it is the intention of the new owner to maintain a store stocked with the latest fashions.

Watch the Star for future announcements.

Aunt Jemima to Visit B & B Store Here

Dewey Baber, owner and manager of B & B Grocery, Main and Second streets, announced today "Aunt Jemima" will be in local store in person on February 14.

Aunt Jemima will have famous hot cakes, waffles, and other breakfast foods. Watch the Star for future announcements.

Talks Useless, Coal Factfinders Prepare Report

Washington, Feb. 9 — (AP) — President Truman's factfinders today ended their hearings on the coal dispute and went to work on report to the White House.

Once the President gets the report he can ask Attorney General McGrath to seek a court order for the 370,000 striking coal miners go back to work.

The board cut off its hearing with an announcement by Chairman David L. Cole that the board's observations during fruitless direct bargaining negotiations "yesterday" had given it needed information about the issues.

John L. Lewis, leader of the miners, and the White House talked issues for nearly an hour yesterday under probing questions from the board. But they couldn't agree on an agreement.

Cole said "a great deal of progress was made in the factfinding" if not in the direction of peace.

He thus implied that the board had learned much concerning the basic reasons why the coal negotiations have reached their present stalemate after months of intermittent bargaining and interruptions of production.

The parties "approached agreement" on several issues in yesterday's talks, he said. "But they would not indicate which issues these were or which ones caused the final collapse."

With almost no coal being produced the pinch was tightening over the country.

Rail service, coal-burning industries was cut to 50 per cent of normal for passenger trains and 75 per cent for freight trains.

The railroad estimated they had an average day supply of coal on hand

Circle 4-WSCS Meets Monday

Mrs. D. B. Thompson was hostess to members of Circle five of the W. S. C. S. of the First Methodist church at her home at three o'clock Monday.
Lovely arrangements of daffodils, japonica and hyacinths decorated the reception rooms.
Mrs. Sam Warrack gave the inspiring devotional. The program led by Mrs. Charlie Taylor consisted of talks given by Mrs. J. M. Harbin, Miss Mable Ethridge,

Mrs. D. B. Thompson, and Mrs. Charlie Harrell. Mrs. Don Smith led the group in prayer.
The business session followed conducted by the circle leader, Mrs. P. H. Webb who heard reports from various committee chairmen. At the close of the meeting, the hostess served a dessert plate carrying out the Valentine and George Washington Birthday motif to 16 members and two guest, Mrs. Matt Galster, and Miss Van Galster.

Officers Elected At Girl Scout Meet

Girl Scout Troop No. 7 met at the home of the leader, Mrs. William Routon on Wednesday afternoon for their regular meeting.
At this time, the officers for the coming year were announced. They were: President, Betty Jane Burroughs; first vice-president, Paula Faye Raley; second vice-president, Marjorie Richardson; secretary and treasurer, Lyla Brown; publicity chairman, Carolyn Sue Coffee; group captains, Judy Moses and Dana Lou Cunningham.
The business session followed the announcement of officers and the following activities were done toward earning their curved bars. Five minute talks on "Wait Disney's production, "Cinderella" were given by Carolyn Sue Coffee and Paula Faye Raley.
Judy Moses told "How to Properly Use a Pay Telephone" and "How to Correctly Fill Out a Check". Betty Jane Burroughs and Lyla Brown gave talks on "How to Choose a Good Camp Site".
Refreshments were served to six members present.

Miss Brogden Hostess to St. Mark's Auxiliary

St. Mark's Auxiliary met Monday evening, February 6 in the home of Mrs. J. B. Koonce with Miss Nettie Brogden hostess. Mrs. Clyde Hill led the devotional which was inspirational to all.
Mrs. Donald Dill, president presided during the business session. The hostess served delightful refreshments to five regular members, Mrs. Frank Howsen, Mrs. George Green, Mrs. J. M. Andrews, Mrs. Clyde Hill, Mrs. Donald Dill and two visitors, Mrs. J. M. Harbin and Mrs. A. J. Duncan.

Mrs. Robert Wiseman Speaker at DAR Meet

The Valentine motif was beautifully carried out in the decorations of the private dining room of the Barlow hotel, Wednesday afternoon, for the regular luncheon meeting of the John Cain chapter of the Daughters of the American Revolution. Mrs. Finley Ward, Mrs. L. K. Persons of Garland City, and Mrs. Charles Locke of Ozark were hostesses.
The U-shaped table held various arrangements of colonial dolls dressed in valentine costumes, their escorts, and lacy red and white valentines tied with red satin ribbon. The speakers table was adorned with a beautiful Dresden doll placed on a large lacy valentine. Japonica and valentines were used at vantage points in the dining room.
Mrs. Wilbur Jones, regent, conducted the business session at which time Mrs. Catherine Richards Howard, chairman of the Good Citizenship Awards presented Miss Carolyn Holdridge and Miss Jane Patton of Lewisville.
Mrs. L. K. Persons, program chairman presented Miss Roberta Howard who sang "Through the Years" by Vincent Youmans, to the accompaniment of Mrs. R. L. Gosnell.

The guest speaker, Mrs. Robert Wiseman of Texarkana was introduced by Mrs. Persons. In her most charming manner, Mrs. Wiseman gave a book review of "Hound Dog Man" by Gipson.
Sixteen members and fourteen guests were present for the meeting. The guest list included: Mesdames Mack Duffie, Syd McMath, MacDowell Turner, Kelly Bryant, E. S. Richards, R. L. Gosnell, Jim McKenzie, Albert Graves, L. A. Foster, Earl Powell, Jr., Robert Wiseman, Dr. Etta Champlin, Misses Roberta Howard and Carolyn Holdridge.

Mrs. W. H. Gunter Hostess to High School PTA Group

The Hope High school P. T. A. held its third study discussion Wednesday afternoon at three o'clock at the home of Mrs. W. H. Gunter. Mrs. Hamilton L. Hangan led the discussion on "Frills and Fads Necessary in Education".

Following the meeting, the executive committee of the P. T. A. met at 4 p.m. for their regular meeting. Mrs. Claude Tillery, president presided. The meeting opened with the prayer repeated in unison. Twelve members answered the roll call.

Mrs. Catherine Richards Howard read the minutes of the last meeting and the treasurer and chairman of the magazine committee gave their reports.
The group voted to buy a water cooler for the second floor of the school. It was announced that plans were being completed for Founders Day to be held February 23 at the high school.
During the social hour, Mrs. Gunter served refreshments.

Van Buren Again Team to Beat

By CARL BELL
Little Rock, Feb. 9 — After watching the upstate Pointers trounce North Little Rock last night, one observer who knows his basketball exclaimed: "Boy, that Van Buren is good!"

And Van Buren's stature as state high school title favorite has been heightened by the crippling of Jonesboro's speedy Hurricane.

It's a bit early to be counting chickens, but a state crown for the Pointers would be a well-deserved reward to their coach, Claire Bates. He's come close many times with Alma and Van Buren teams but has yet to reach the top.

One reason Otis Douglas is receiving such tremendous receptions as he tours the state with the U. of A. "road show" is that he's optimistic and confident. The new Razorback football boss doesn't bat an eye when he says he's out to whip "all those Texas teams," and that he thinks he can do it. The boosters like that kind of talk.

Look at 'em — there's not a Southwest conference outfit among the nation's top 30 basketball teams in the latest Associated Press poll. . . But Arkansas has hopes of improving the loop's national standing in the next few years.

Most of this year's Razorbacks, plus two top prospects benched all this season with knee injuries — Duddy Waller and Walter Kearns — and those hotshot freshmen will be on hand next campaign.

Jewell McDowell, the Texas Aggie cage star, has played in 31 straight college freshman and varsity games without fouling out. He's averaged only two personal fouls a game.

Word is that Pine Bluff has grown in the parent St. Louis Browns' favor and is in line for a strong team this year. . . The Browns' minor league boss, Ed McLaughlin, is in Pine Bluff recently. He remarked that Eddie Albrecht, Pine Bluff's 32-game winner in the Cotton States league last season, has a better chance to stick with St. Louis than Roy Seivers had a year ago. Seivers, you may recall, was the rookie of the year.

Fishing at Lakes Hamilton and Catherine near Hot Springs will be profitable as well as entertaining April 10-22. Those are the dates for the lakes' annual angling derby, and \$4,500 in cash and prizes will be handed out to the guys and gals who land the biggest ones.

313 Golfers Seek Texas Open Title

By HAROLD V. RATLIFF

San Antonio Tex., Feb. 9 — (P) — Swollen by the largest brigade of touring professionals in golf history, the Texas open's 313-man field moved out today in the first 18-hole round of the oldest tournament around the winter trail.

Starting at 8 a.m., the seekers of \$10,000 in prize money will be due to wind up the opening round about midnight, playing on two courses.

Balding Sam Snead, riding the hottest winning streak in golf at this time, is a heavy choice to drag down first place money of \$2,000. The picture swinger from West Virginia has pocketed \$5,558 in five tournaments this year and could finish out of the money here and still be the leader in earnings. But brother Snead hasn't failed to win something in a tournament in quite a stretch.

Railbirds also liked the chances of young Jack Burke, Jr., the Houston star now playing out of White Plains, N. Y. They called him the most consistent player on the tour next to Snead. None of them are hitting the ball like Slamming Sam.

"That guy is really something," said Fred Haas, Jr., of New Orleans, who rates fifth in money winning thus far with \$2,420.

"Everything he does is right," The 313-man field starting play today on Brackenridge park and Fort Sam Houston courses is the biggest the storied Texas open, which started back in 1922, has known. About 125 are players making the tour.

Fort Sam Houston course is a 6,426-yard lay-out with a par 71. Brackenridge park rolls 6,400 yards and also has regulation figures of 71.

The big names, headed by Snead, play the Fort Sam Houston course today with Snead going out at 9:50 a.m. Tomorrow they will be at Brackenridge park.

Saturday the low 60 and ties (with 10 amateurs required even if that many fail to make the low 60) will concentrate on Brackenridge for the final two 18-hole rounds.

Snead tuned up with a two-under-par 69 over the Fort Sam Houston course yesterday but complained that his putting wasn't up to snuff. He looked good enough to the others, however.

Sam had quite a gallery following him on the practice round and on the eighteenth green so distracted 1,200 fans watching a golf clinic nearby that Chick Harbert, Detroit pro serving as master of ceremonies, yelled: "Sam, please hurry and get away. You're ruining our show."

McSpaden scored a four-under-par 68 to lead the field in the opening round of the New Orleans open golf tournament.

Ten Years Ago—Chuck Fenske beat Glenn Cunningham by four feet in 4:13.5 mile at Philadelphia.

SPORTS ROUNDUP

By Hugh S. Fullerton, Jr.

New York, Feb. 9 — (P) — When they tossed a testimonial dinner for Bobby Simmonis in his home town of Girardville, Pa., recently, nine major league scouts were on hand.

They didn't officially "contact" him, of course, because Bobby won't graduate from high school until June. But he must know they're interested. . . Simmonis, 18 years old, six feet three and 175 pounds, is a right-handed pitcher who was twice selected the outstanding American Legion pitcher in all-star games at Shibe park last summer. He's tops in high school, too, in athletics and scholastic work. . . You ask what's so unusual about that? . . . Well, as a youngster Bobby suffered a bone injury in a leg and doctors told him he'd never be able to compete in sports. . . This is one time when grit and determination apparently will pay off with a big bonus.

The Maxim-um Effort
Dan Magill, Jr., the U. of Georgia publicist, relays this one about Joey Maxim, who'll soon be bringing the world high-heavyweight title back to the U. S. . . In 1943 Maxim was stationed at Pope Field, N. C., when Magill took the Cherry Point Marine boxing team there for a match. . . Joey, too good for the regular contest, wanted to put on an exhibition and he promised to "hold back" when they put a good Toledo amateur named Harvey Brummett against him. . . When they finally stepped into the ring! The marine had won every bout. Maxim tore out at the bell and gave Brummett a shellacking for three rounds. . . Then he apologized: "I'm sorry I went back on my

Semi-Finals in State Women's AAU Tourney

Little Rock, Feb. 9 — (P) — Tuckerman will tangle with Greenbrier here tonight in the semi-finals of the Arkansas AAU girls' high school basketball tournament.

The final game will be played tomorrow night.

Tuckerman looked like the team to beat after knocking topspeeded Hartman out of the tourney in last night's quarterfinals, 44 to 33.

Huntsville trounced Malvern, 58 to 24; Greenbrier beat Hazen, 39 to 30, and Van Buren whipped Marshall, 39-31, in the other quarterfinals.

Prescott to Play Host to UA Freshmen

The Prescott Independent Legion teams will play host to the University of Arkansas Freshmen at Prescott Saturday night at 8 o'clock the team manager announced here last night following a cage game in which the local Legion boys went down in defeat 57 to 51.

The two teams previously met at Camden with the Nevada county boys coming out on the short end of the score. The Porker Freshmen led by 6' 11" Billy Hester have lost only one game this season.

In last night's contest E Ward made 18 points and Osburn 13 for the visitors while Reeves and Ross made 17 and 14 respectively for Hope.

Horsemen Wonder Who Will Ride Citation

Aracdia, Calif., Feb. 9 — (P) — The burning question around the race track today was whether Steve Brooks or Eddie Arcaro will ride Citation in the \$50,000 San Antonio handicap at Santa Anita Saturday.

Last report from Trainer Jimmy Jones was that he hadn't decided which jockey will get the call for C in the mile and one-eighth stake, first major step in Citation's comeback.

Arcaro stepped in when Calumet's former great little rider, Al Snider, was drowned in Florida in 1948. Eddie piloted Citation to the triple crown and horse of the year honors.

Brooks, however, is currently the regular rider for Warren Wright's Calumets out here and presumably will get the chance to make his own choice.

He has the reverse record of having been astride Citation in two of the horse's three defeats in his 31 races. He was aboard when the colt met his Waterloo, a three-year-old, and last month it was Brooks at the reins when longshot Michel outgamed Citation in a head-to-head duel in the stretch and whipped him by a neck over the seven furlong distance.

On the other hand, Brooks was up last Saturday when Citation drilled between races at Santa Anita. This was taken as an indication that he'd take the ride this Saturday.

R. Hornsby to Manage Beaumont

Dallas, Tex., Feb. 8 — (P) — Rogers Hornsby is coming back to a baseball diamond.

The graying, husky Hornsby last night signed a one-year contract to manage Beaumont of the Class AA Texas league.

Hornsby has never really divorced himself from baseball but conducting baseball schools or broadcasting games is still pretty alien for a guy who hit more than 400 for three years and managed four different major league ball clubs and a few minor league teams.

Beaumont Owner Guy Airey refused to reveal salary terms.

But Hornsby's return to baseball as a manager, and to the Texas league, was no great surprise.

A product of sandlots at Port Worth, Tex., Hornsby broke into organized baseball with Hugo, Okla., in the old Texas-Oklahoma league. That was in 1914. The next year he went to St. Louis of the National league and it was with this club that he slugged his way to a niche in baseball's statistical storehouse.

From 1915 to 1933 he compiled a

lifetime batting average of .353, a slugging mark of .578. He led the National league in batting from 1920 through 1925 and again in 1928. Three times he hit better than .400, .424 in 194.

As a manager he piloted St. Louis to a National League pennant and to a World Series victory. That was in 1946.

Marines Seek Enlistments This Month

Master Sergeant John Kuchta, Marine Corps Recruiting sergeant for Southwest Arkansas announced that the Texarkana office would accept a limited number of applications for immediate processing during the next two weeks of February.

Applicants must meet the following standards: (1) He must be physically fit; (2) He must have the equivalent of a high school education, and pass the current Marine Corps written test; (3) He

Judgments Set Aside by Judge Lemley

Little Rock, Feb. 9 —(P)— Two judgments sought as a result of a fire which damaged the gasoline barge Clive at a landing near Helena in 1947 have been denied by Federal Judge Harry J. Lemley. Lemley ruled yesterday that neither the Sohio Petroleum Corp., owner of the barge, nor the Chicago Mill and Lumber Co., owner of the landing, was responsible for the fire.

Sohio sought to recover \$34,020.80 from the lumber firm. While the latter asked \$7,625.50 from Sohio for damage to its steam derrick boat and other equipment.

must be 17 years of age and not over 28, (if he is 17 he must have his parents consent in writing); (4) He must not have a police or juvenile record; (5) He must enlist for a minimum of four (4) years.

Applicants who meet the above standards are transferred to the Marine Corps Recruit Depot, San Diego, California, where they receive a ten week basic training course, before being assigned to a regular Marine Corps duty station or training school.

Sergeant Kuchta may be contacted at the Hope Post Office from noon at 1 p.m. on Mondays, or in the Texarkana Post office from 8 a.m. to 11 a.m. daily.

Actress to Star in Church Movies

Philadelphia, Feb. 9 —(P)— Colleen Townsend, 21-year-old actress who recently announced she was going to follow the leading of God," says movie making will still play a major role in her life.

The beautiful Hollywood starlet told a reporter yesterday that her \$1,000-a-week contract with Twentieth Century-Fox expires Feb. 17 and that after that "I'm free to do the bidding of the Lord."

Early in March, she said, she will begin work on a picture on intolerance for the Protestant Film commission. Several pictures for the church will follow before she enters a school of theology in September.

Since she "renounced" the movies—Hollywood version, she said she has been swamped with offers to address Protestant church and youth groups all over the country.

"But I'm not a preacher," she said. "I don't plan to be a minister. I just want to spread the good Christian doctrine."

Colleen, a native of Los Angeles, said she has nothing against making commercial films "but the Lord has asked me to do Christian work and I can't do both."

That work, she added, will take her wherever she is called—"and that doesn't necessarily have to be Hollywood."

Attlee Slaps Back at Churchill

London, Feb. 9 —(P)— Winston Churchill blasted Britain's labor government today as an ungrateful Socialist regime kept alive by dollars from capitalist America.

Laborite Prime Minister Attlee called Churchill's oratorical assaults upon him "wild, whirling words."

London, Feb. 9 —(P)— Prime Minister Clement Attlee today described Winston Churchill's oratorical assaults on the Labor government as "wild whirling words."

He said Churchill's Conservative party in its campaign for the Feb. 23 general election had put the wartime prime minister "on the leash" with its mildly-expressed campaign pamphlet "The Right Road for Britain," but that Churchill had "slipped the collar" on the opposition party he leads.

Yesterday in Cardiff Churchill told an audience of 15,000 Welshmen the Labor Party has resorted to deliberate lying in the hope of influencing the vote. Referring to this speech, Attlee told an audience on the outskirts of Birmingham:

"There are wild whirling words, wild accusations of extravagance and wanton waste. The Conservatives have failed to prove their case."

Replying to Churchill's charges that labor nationalized railways and civil airlines had showed financial losses, Attlee said "no one expected that after all the ravages of the war you would get the railways paying at once."

"No civil aviation pays. It has always been subsidized. That is part of the equipment of the nation."

Attlee warned against Conservative attempts to bring off any last minute election scare. "Without specifying what he had in mind, he said:

"People always should beware of what is put out in the last day or the last days."

The speech was the first of seven planned by Attlee today. Yesterday he opened a nine-day, 34-speed, 1,000-mile auto tour of the nation.

At Taunton last night Churchill said he had fulfilled "even the wildest dream of my youth" and had no political ambitions in running for office again.

The only thing that keeps him working, said the 75-year-old Conservative party leader, is a great fear "for the state into which our county is getting."

Doesn't Expect Navy Record to Stand Long

San Francisco, Feb. 9 —(P)— The pilot of a record-breaking navy bomber doesn't expect his new mark to stand very long.

The twin-engined plane landed at San Francisco airport after a 5,080-mile flight from the Carrier Franklin D. Roosevelt, Cndr. Thomas Robinson commented:

"We clipped the old record of 4,800 miles, but the next flight will probably break ours."

The Neptune bomber made a jet-assisted takeoff from the carrier off Jacksonville, Fla., at 12:13 p.m., Eastern Standard Time, Tuesday. It landed here at 11:12 a.m., (12:12 p.m., EST) yesterday—an elapsed time of 5 hours, 59 minutes.

Man Jailed for Slaying Famed Oil Explosives Expert

Munising, Mich., Feb. 9 —(P)— Police today arrested Edward Johnson, wanted in Texas for the tourist camp murder of W. A. (Tex) Thornton, famed oil field explosives expert.

Johnson was jailed after being nabbed at the home of a sister, and Policeman T. J. Dowling said he was being held "for extradition on a murder charge."

Texas authorities tipped local

police yesterday Johnson might be in this vicinity. He was picked up around 1 a.m.

A pretty, blonde young woman who claimed to be Johnson's wife was quoted by Washington, D. C., police yesterday as telling them Johnson killed Thornton at Amarillo, Texas, last June 22.

She was listed by authorities as Mrs. Diana Heaney Johnson, 22, and booked in Washington on a charge of fleeing across state lines to avoid prosecution for murder. Officers quoted Fort Worth police

as saying she also was wanted there on car theft charges.

Norwegian Skiers Over-Anxious to Make Jumps

Aspen, Colo., Feb. 9 —(P)— Not only are Norway's dared-did skiers in a hurry coming down the mountains; they're impatient about getting back up the slopes for another trip down.

Too impatient, as a matter of

fact, officials of the world ski hill and stadium championships warned them today.

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up rights or frequent urinations may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 million of kidney tubes and filters flush out waste. Get Doan's Pills today!

Recipe of the Week BY MARY LEE TAYLOR

Beef Pot Pie

Broadcast: February 11, 1950

1 1/2 cups biscuit mix
 1 cup Fat Milk
 1/4 cup water
 1 cup diced beef, shredded (1/4 lb.)
 2 tablespoons hot shortening
 4 teaspoons flour
 16 large carrots, drained

3/4 cup vegetable liquid or water
 1 can condensed cream of chicken soup
 No. 2 can peas, drained
 7/8 cup diced cooked or canned carrots, drained

Turn on oven; set at very hot (450° F.). Put biscuit mix into bowl. Stir in mixture of 1/4 cup milk and water. Turn out on floured board. Roll 1/2-in. thick. Cut in 8 rounds with floured 2 1/2-in. cutter. Put on baking sheet. Bake on top shelf of oven 12 min., or until brown. While biscuits bake, cook diced beef slowly in shortening until edges curl. Sprinkle flour and pepper over beef. Stir in vegetable liquid; cook and stir 1 min. Add remaining 1/4 cup milk and rest of ingredients. Heat slowly until thoroughly hot. Serve with the hot biscuits. Makes 4 servings.

If dried beef is very salty, wash then fry on towel before using.

Mena Seeks to Reroute Highway 88

Mena, Feb. 8 —(AP)—Concerted action to reroute reported plans to reroute highway 88 from Cherry Hill to Mena have been launched here.

Farmers and property owners in eastern Polk county held a protest meeting Monday and are preparing petitions to the state highway commission.

It was reported that the highway department is now making surveys for a proposed rerouting of the highway over highway 8. However, State Highway Director Jay Baker said the department "is merely investigating the possibility of such a route but I don't think anything will come of it."

self. I should like to bolster this with illustrious names but forebear because once you whisper pity or nostalgia for an actor, psychology says, "Yes, I remember him —," and he is hurt, not helped. Nevertheless all pro-Americans of the arts of entertainment know that the boycott of Draper and Adler is such there be, is incomplete and a pleasure by comparison with the artistic and economic death sentence that has been executed on practically every American who has dared to fight the communists whether in Hollywood or on Broadway.

Thus it was that when Draper got \$600 for a night's work, dancing dainty figures and tossing his golden curls with hands on hips, in a New York television show, the wife of one such inmate of our theatrical dachau cried out: "Plenty of hungry anti-communists could have used that \$600!" Her husband, a great comedian and humorist, hasn't had a job to say nothing of a hit since he declared about seven years ago that he would never work with communists or for one. He hasn't worked, period. And in Hollywood the fate of those pro-Americans who went to Washington and put the finger on the Reds has been not only idleness but the death of a thousand cuts inflicted by condescending rumors that they had their little hour but got washed up.

This Draper television show was done by an inveterate but incurable adolescent named Ed Sullivan, a stagestruck paragrapher of the Broadway-underworld beat who long ago found virtue in racketeers and sometimes experiments in political opinion. He put Draper into his act and when they pulled the girders off his neck he apologized to whom and for what one could only surmise out of his confusion. He seems to have been bold enough to essay an incandescence but not stout enough to defend his choice of Draper, as a man of harder trips and wider knowledge could have done.

Draper and Larry Adler brought upon themselves whatever has befallen them. They put in the mind of Mrs. Hester McCulloch to observe aloud that they had been mentioned in connection with organizations officially declared to be subversive. That comment was restrained by comparison with the charges in her answer to their suit which I venture to believe will never go to trial, eager as I know the lady is to prove them all.

I am able to report for the heartening of Larry Adler's devotees that the boycott they complain of is incomplete. In Toronto on Jan. 16 the casino offered Mr. A. in person at 29 cents from nine till noon, 60 cents until six and 67 cents till closing.

Missionaries iDsappears in Czech Land

Prague, Czechoslovakia, Feb. 8 —(AP)—The U. S. embassy announced today it had received reports that two American mormon missionaries "disappeared" in the province of Moravia Jan. 28 and have not been heard from since.

The embassy said it had asked the Czechoslovakian foreign ministry to supply information "concerning the welfare and whereabouts" of Missionaries Stanley E. Abbot and C. Aldon Johnson.

While the embassy announcement made no mention of arrests, reliable Western diplomatic sources said the two men had been arrested by Czech police near Olomouc on unspecified charges.

These sources said the missionaries had been incommunicado and that all efforts of American authorities to see them have failed.

Wallace Toronto, head of the Mormon church in Czechoslovakia, said Abbot, 23, came from Lehigh, Utah, and that Johnson, 22, was a resident of Idaho Falls, Idaho. Both were unmarried and had been in Czechoslovakia a little over two years.

The Mormon church has been meeting with difficulties from the Czech government since last May. Since then 13 of its missionaries have been ordered expelled from the country on charges of "endangering the safety and security of the state."

Toronto said he could add nothing to the brief embassy announcement.

Olomouc second largest city in Moravia, is about 60 miles southeast of Prague.

The embassy announcement said:

"The American embassy in Prague has requested the foreign office to provide information concerning the welfare and whereabouts of Mr. Stanley E. Abbot and Mr. C. Aldon Johnson, two Mormon missionaries, who reportedly disappeared in the vicinity of Olomouc on or about Jan. 28, 1950."

France for Bidault's New Cabinet

Paris, Feb. 8 —(AP)—Premier Georges Bidault's revamped cabinet was approved today by a shaky vote in the French national assembly. But his coalition government appeared headed for trouble and possible downfall.

Although the cabinet approved 225 to 185, Socialists, Conservative followers of Gen. Charles De Gaulle and rightwing independents abstained from voting. This indicated Bidault's new government had little popularity.

Had the Socialists, one of France's major parties, voted against Bidault he would have had to resign, thus bringing on a new government crisis. The Socialists, however, refused to join the Communists in opposing the premier.

New problems now face Bidault as the assembly today takes up the bill to restore collective bargaining for labor which has been suspended since the start of the war.

R. T. Elkins Buys Chas. A. Haynes Co.

R. T. Elkins of El Dorado, today announced the purchase of the Charles A. Haynes Company's store at Second and Main streets in downtown Hope.

In the future the store will be known as ELKINS. Mr. Elkins operates a ladies ready-to-wear store in El Dorado as well as shoe departments in five stores throughout southwest Arkansas.

Formal opening of the new establishment will be held Friday. Each lady attending the opening will be given a rose, and men a cigar, and refreshments will be served to all.

Mrs. Bob Graham who has had several years experience in ladies' ready-to-wear will manage that department and Bob Graham, well-experienced in the shoe business, will handle the shoe department.

Other staff members are Mrs. Verda Segnar, Mrs. Ruby Compton and Mrs. E. C. White. All will be happy to see you and give special attention to your needs.

Mr. Elkins said the new firm would be a "popular price" store, within the reach of everyone. If we don't have what you want we will make every effort to get it for you, he continued. The purchase includes charge accounts which will be handled in the same method.

A big saving is through our method of buying. Mr. Elkins said. We use a New York buying

office and the minute anything new goes on the market it is immediately sent to the Hope store thereby keeping new models and trends before our customers at all times. Our policy is a fair mark up and giving ladies of this area the best in styles and quality. Bying from the manufacturer direct cuts out the middle man and this saving is passed on to our customers, he said.

Some of the famous lines to be handled by the new ELKINS store include Knobby, Movie Tone, Youth Craft and Paramount in coats and suits, Martha Manning, Carole King, Four Star, Jane Arden, Ann Sutton, Kennedy and many others in dresses, Hi-A, Delores Bras, Artemis and Textron lingerie, Shur-tite bags and many other nationally advertised brands which assures shoppers of Hope and surrounding territory the latest in coats, suits, dresses, accessories—everything for the ladies.

Steel Union Gives Miners Half Million

Pittsburgh, Feb. 8 —(AP)—The CIO United Steelworkers today sent a \$500,000 check to the United Mine Workers "to assist the needy miners and their families in their struggle against the coal operators."

President Philip Murray of both the CIO and the steelworkers said the donation was authorized by the steelworkers executive board.

Murray also sent an appeal to

the 2,200 USW locals asking them to make additional contributions to the miners in their "no contract no work" strike.

Murray sent a letter to John Owens, secretary treasurer of the UMW, saying he hopes "the financial and moral support" will be helpful "in bringing ultimate victory to the United Mine Workers."

U. S. Public Health Service officers wear uniforms like those of Naval officers.

Refugees of Flood Face Hardship

Little Rock, Feb. 8 —(AP)—The Red Cross said today it may be "weeks" before many of Arkansas' 25,000 homeless flood victims can return to their homes.

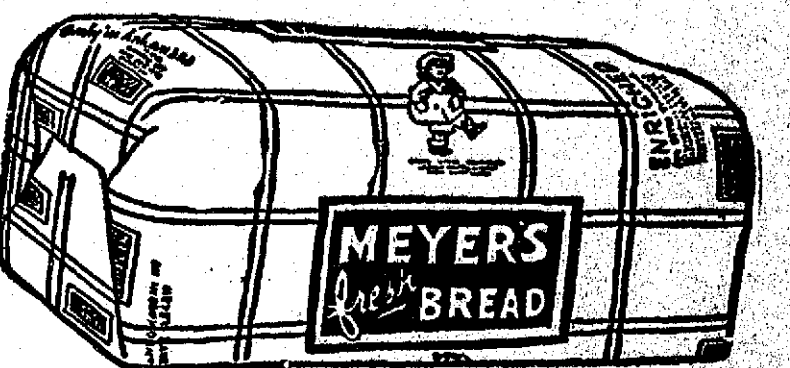

Mrs. Elma Boone, state relations

officer for the Red Cross, said although the floodwaters are receding we still expect it to be weeks before the major portion of the homeless can return to their homes. She said all persons who have asked the Red Cross for aid in the flooded areas "are being taken care of."

The weather bureau in Little Rock forecast "cloudy and colder" for the state today and Thursday.

Marshall, Feb. 8 — (JP) — Three witnesses testified today that Searcy County Sheriff Doyle Smith started the gunfight in which he was wounded fatally. The witnesses — two Marshall businessmen and a 16-year-old boy — told a circuit court jury trying Bryan, Searcy county farmer, on a first degree murder charge,

that the sheriff fired on Bryan first.

Yesterday, the wife of the late sheriff testified that it was Bryan Smith, who started shooting.

Bryan is charged with fatal wounding Sheriff Smith in a gun battle here Dec. 4. Sheriff Smith died Dec. 7 in a Little Rock hospital.

The shooting allegedly occurred when the sheriff attempted to arrest Bryan here. Bryan and his sons were slightly wounded in the melee.

The trial, which went into its third day today, is expected to reach the jury this afternoon.

The Third Time The Anti-Trust Lawyers Were Wrong!

What Has Gone Before

Today's ad is the third in a series telling about times the anti-trust lawyers made serious and damaging charges against A&P that the courts decided were not true.

In the first ad in this series we told you about the time the anti-trust lawyers charged that A&P, and other good American citizens, conspired to fix the price of bread in Washington.

These charges were false.

That was the time Federal Judge T. Alan Goldborough instructed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all."

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

But that was not the only time the anti-trust lawyers made such serious "allegations" against A&P which were false.

In our second ad we told you about the time in Wilson, North Carolina, they charged A&P's fresh fruit and vegetable buying subsidiary, and other good American citizens, with conspiring to fix and depress prices paid farmers for potatoes in North Carolina, Virginia and Maryland.

Here again, as in the Washington bread case, the charges were false.

This was the time Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

"I have studied this case from the very outset. In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes."

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence, as was done in this case."

"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."

So here were two cases in which the anti-trust lawyers made seriously damaging charges against A&P, in which the judge decided that there were no facts to support those charges.

Today, we want to tell you about the third time—this time in Dallas, Texas—the court decided against the anti-trust lawyers.

Is it a crime to give people more good food for their money?

For 90 years A&P has devoted all its energies to this end.

For many months now the anti-trust lawyers from Washington have been giving stories to the newspapers, making speeches and talking over the radio about this company.

They have been making serious and damaging allegations about the methods that enable A&P to give its customers better food values.

We have already told you about other times the anti-trust lawyers made charges against us that were proved utterly false in court.

In the left-hand column on this page you can read what the federal judges had to say about those two cases.

Now we are going to tell you about the third time a federal judge decided against the anti-trust lawyers.

The Dallas Anti-Trust Suit

In 1942 the anti-trust lawyers went out to Dallas, Texas, 1,400 miles from the homes of most of the defendants, and instigated criminal charges against A&P.

About this case one thing was sure.

Their previous experience did not deter the anti-trust lawyers from making more inflammatory and damaging allegations, just as they had done before.

They made practically the same allegations they are making today.

Federal Judge W. H. Atwell ruled that the case should not even be tried. He said that the indictment contained inflammatory statements that he would not permit to be presented to a jury.

Judge Atwell said to the anti-trust lawyers:

"If I thought I was presiding over a court and that I might have to sentence some person because he was a great big fellow, or because he was a Lilliputian, I would feel like resigning. God knows we don't want it ever to occur in America that the size is going to determine whether a man is guilty or innocent."

Judge Atwell also said to the anti-trust lawyers:

"If the indictment is not good then it is better to find out before an expensive trial than it is after an expensive trial. I do not think it is good, and thinking that, it is my duty to sustain the demurrers and motion to quash."

In short, Federal Judge Atwell threw the anti-trust lawyers and their case right out of his court.

So that makes three times that the anti-trust lawyers made damaging allegations against A&P. In two of these cases federal judges said they were all wrong. In the third case a federal judge said the indictment was inflammatory and he would not even permit the case to be tried.

The anti-trust lawyers were not satisfied with the Dallas decision.

Neither were they satisfied with the two other decisions in which federal courts administered stinging rebukes to them.

They were still determined to destroy A&P.

In our next ad we will tell you how they continued their campaign in this case in the Circuit Court of Appeals and subsequent proceedings.

We will show you how, once again, they disagreed with the courts.

Everything that has happened since this suit was filed proves that the American people don't want A&P destroyed. A deluge of letters from people in all walks of life and thousands of editorials in newspapers and magazines convince us that the public has faith in A&P.

The housewives of this nation, whose patronage has made this company big, are buying from us in increasing numbers and increasing volume.

Our suppliers, whom the anti-trust lawyers allege we have exploited, are rushing to our support.

Labor leaders, mindful of the fact that A&P employees enjoy the best wages, hours and working conditions, are taking a stand against the suit.

Even many of our good competitors, who the anti-trust lawyers allege are hurt by our competition, have taken ads to tell the public that they don't like this attack on A&P.

All this indicates that the American people realize that the suit to destroy A&P is really a suit against efficiency, against low prices and against real competition.

Apparently most Americans do not want to let the anti-trust lawyers in Washington blow the whistle on any businessman who does a better and more efficient job and grows big in the process.

No one can make them believe it is a crime to try to sell the best quality food at the lowest possible price.
